I.D.B.—30-4

A special meeting of the I. D. B. No. 30-4 was held on Dec. 28th at the residence of I. S. Armstrong, Editor.

The meeting was called by councillor George McLachlan and C. M. Tait. The purpose of the meeting was to appoint a retiring director and to pass any business brought before the council.

Councillors present were: Geo. McLachlan, C. M. Tait, and C. M. Tait. Councillor Tait was chosen chairman.

The call of the meeting was read, after which the minutes of the last meeting were read and approved.

Reported that C. M. Tait as retiring director for the year 1911 in lieu of \$100.00.

The councillors unanimously agreed upon Mr. N. S. Armstrong as secretary and the secretary was instructed to notify Mr. N. S. Armstrong of his appointment and to instruct him to hold the Dominion election in the month of January.

The following pay sheets were presented: Pay Sheet worked by Joe McLachlan and said over at last meeting was taken up, and, after some corrections and a description of the work were made, the pay sheet was passed to the amount of \$17.00.

Pay Sheet, division of I. H. A. West, former, was passed, amounting to \$40.00.

A bill allowing J. Armstrong \$2.00 for use of room was passed.

The council adjourned to meet on Friday, December 24th.

MELBA'S OPINION.

Mme Melba, the Australian Prima Donna, who has returned to the Dominion, is a confident of Canada, and has been giving a New York journal some of her impressions of the Dominion.

"There are some wonderful new towns in Canada," said she, "and I am sure as an Edmonton. Think of a place that is only six years old and already has a population of 10,000 people."

"My experience has not been like a one night stand tour?"

"No, I have made the tour most comfortably. I have had private cars and enjoyed it. But I must tell you, Western Canada is a most wonderful place I ever saw in my life. The last time I went through it five years ago, it was so different. The places have sprung up that didn't even exist then."

TWO MEN WERE BADLY WOUNDED IN CALGARY STABBING AFFRAY

FORGER ARRESTED.

Lethbridge Police Gather in Former Edmonton Resident.

Calgary, Dec. 28.—Married four months ago in Calgary to a English girl who had lived here to a few days before she met her, and now in the guard room at Lethbridge charged with passing forged cheques, while his wife is left lying destitute in a nearly furnished room in the city, the fate of a young Scotch-Canadian medic, Dr. Grignon, who was gathered in by the Lethbridge police last week.

While in Calgary it appears that Grignon was down on his luck, and as a last resort went to one of the houses in the red light district, as a piano player. He remained at this work for some time, and while here he met an English girl of good education and parentage, who had been in Canada for only a few weeks. The girl became enamored of Grignon, and in due time she asked to marry him. He agreed, and they were married. She did not know that Grignon was a confirmed drug fiend, but with some money she had in her possession believed that he should open a drug store.

They left Calgary and first went to Regina, where they lived for some time. The young husband getting into trouble with the law, and was added to the list of fugitives. Leaving Edmonton, the couple again came to Calgary, where they were arrested. Grignon was taken to Lethbridge, where he is now lying. His wife is still at large, and the police are looking for her.

OPENING UP THE NEW COAL FIELD

Good Progress on G.T.P. Branch to the Embarras and Brazeau Rivers

That the Grand Trunk line from mile 16 is being rushed ahead towards the coal fields on the Embarras and Brazeau rivers, is the news brought in by P. de St. Jean, engineer of the Pacific Coal and Coke Co. Right of way clearing has now been done to mile 13 and the contractors, Phelan and Shierley, are already working to mile 26. The McLeod river crossing will be reached in about a month and work will be continued throughout the winter.

SECRET AGENTS HIRED ENGINEERS

THIS IS REPORT THAT COMES IN
CONNECTION WITH THE
THREATENED STRIKE.

Minneapolis, Dec. 28.—Now that the difference between the sixty-one western railways and the Brotherhood of Locomotive Engineers has been adjusted, it develops that the general managers expected a strike and that secret agents in their employ had scoured the country to obtain engineers to take the strikers' place.

The engineers employed on the line, where the pro-strike vote was nearly unanimous are reported to have posed as being willing to desert the Brotherhood and continue work. Some of them got into communication with the secret agent at the company who agreed to hire engineers and learned, they say, all about the plans that were on foot to test the Brotherhood in case of a strike. They say further, that the engineers who had been discharged from various roads, for insubordination and other causes had been assembled at railway centers to take out trains in case of a strike.

Ready to Walk Out.

The engineers say that all nations the general managers' committee may have had that the pro-strike vote and threats were bluff and far from true. They declare they were ready and anxious to walk out to enforce their demands and that their grand chief, Warren R. Stone, alone prevented a strike. The claims of the general managers that the strike would have seriously interfered with traffic and that the strikers places could have been easily filled are hotly refuted by the engineers. They say the engineers would refuse under the rules of their organization to take the place of striking engineers and that railway traffic would have been paralyzed.

The engineers further insist that their relations with other railway brotherhoods and unions are amicable as testified by the fact that they are tolerated.

It is intimated that in case of a strike, conductors, brakemen and firemen might have refused to handle trains pulled by nonunion engineers.

The engineers are not entirely satisfied over the wage increase granted as a result of recent conference. They say it will amount to about ten per cent and considering the hardships of their calling, the heavy responsibilities and the hardship endured, the increase should have been considerably greater.

French Capital in Quebec.

Montreal, Dec. 28.—It would take some time to give the exact figure, but roughly I would say that France has taken 57,000 shares of the Quebec railway and 4,200 shares of the Lake of the Woods' said Randolph Forest today.

STRATHCONA NEWS

FINAL MEETING OF COUNCIL.

Strathcona city council held its final meeting on Tuesday night. There was little business of importance transacted. A bylaw authorizing a loan of \$27,247 from the Imperial Bank to pay for the agricultural grounds, pending the sale of debentures, was passed with Ald. Lendrum protesting.

"The people will pass anything," said that alderman, disgustedly. "We don't need the park, and the price paid is too high. At any rate we shouldn't assume the tax arrears."

The council received a letter from Commissioner Beaulieu, of Edmonton, explaining his reasons for not carrying passengers to the Edmonton side of the bridge. It was decided to ask that a regular half hour service be given Banajay as well as on the rest of the week.

T. H. Morrow protested against the action of the council in having boulevard trees from an outside agent as he was in the business himself. This protest came too late, however, as the purchase has been made.

The matter of the removal of gravel by J. W. Huff from the Edmonton side of the river was discussed to Mr. Huff with the council and the matter was turned over to the engineer for adjustment.

The Western Cattle Ltd., asked for the provisional agreement made with the city to be carried into effect. The mayor and secretary-treasurer were appointed to arrange the details.

LOCALS.

Metropolitan Methodist Sunday School will attend in a body at the Sunday school rally in McDougall Methodist Church next Monday morning at 10:30.

Ned Dugan, son of Mayor Dugan, is spending the Christmas holidays at his home. He is attending college in Spokane, Wash.

August Nordman, who has been spending some days in Strathcona where he formerly resided, leaves this morning on return to Montana.

Donnie Easary of Vernon, B.C., spent the Christmas holidays with his brother Elmo Easary.

The first ground for Strathcona's new post office was broken Monday by the excavating contractor, Edin Wilson. The start was not on a pretentious scale owing to the day being a holiday and teams therefore scarce but with favorable weather the work will proceed along at as good a rate as the frozen ground permits.

Ald. F. Pollard has gone on a month's visit to the States, most of the time he will spend in Grand Central, Iowa.

CALGARY MAN SAYS MOISTURE IS NEEDED

Unless There is More Rain and More Snow in Alberta, Alberta Aid, Horn by the Farmers, Will Suffer Next Summer.

Calgary, Dec. 28.—"Although the country looks fairly good just now, we are going to have a bad year unless the present fine weather breaks up and we get a little more snow and moisture," said Ald. Jack Horby, who has just returned to the city from an extensive trip up north.

Mr. Horby did not refer to the north country particularly, stating that the south country would be the most affected. He was in the south some two weeks or so ago, and even then the ground was dry to the wheat roots and the farmers generally were not feeling too optimistic although they realized that there is yet time for the necessary moisture to come.

My experience here is that a fine winter means a dry spring and summer, and consequently a bad year for the farmers, and we all know what a bad year for the farmers means," said Mr. Horby.

Old-time residents who have had long experience in this country, are of the same opinion as Mr. Horby, but as yet they are not worrying as the farmers generally have their ground well prepared and all the moisture that they will get will soak right in and be retained by the soil instead of running off along the surface as it has done in other years when the ground was not so well prepared.

EXPRESS CO.'S CHARGE.

President Stant of the Edmonton Express Co. in Montreal Consulting With Directors.

Montreal, Dec. 28.—W. R. Stout, president and general manager of the Edmonton Express Company in Montreal today from Toronto. It is understood he is here to consult with the directors of the company regarding the judgment delivered by Judge Macleod of the Railway Commission ordering the express companies of the Dominion to file a scale of reduced charges as the present ones are excessive. Stout did not feel, he said, that he can give out a public statement as the position of the express companies in regard to the judgment was yet.

Organize German Catholic Church.

Montreal, Dec. 2.—The Roman Catholic arch-diocese of Montreal, which already has two parishes of Poles, two Italians and one Greek, will shortly be increased by the establishment of a German parish. The subjects of the Kaiser, themselves sufficiently numerous in Montreal to have a church of their own, and the religious authorities interested in the question have agreed.

Australia's Immigration Problem.

Brisbane, Queensland, Dec. 27.—The North Queensland Herald says that without public expenditure to cheapen the cost of passage to Australia, she cannot acquire its much needed population at a reasonable rate until Canada is "full up." Judging by the still steady flow of population to the "marry full-up" United States, that will certainly not occur before the yellow man is knocking at the Australian gate and presumably demanding admission to its shores, territory with arguments which no military force possibly or numerically feasible a people as the Commonwealth would be able to answer.

Italian Strike Threatened.

Rome, Dec. 28.—The agitation among railway men in favor of a strike to enforce demands for increased wages continues, but with secret secrecy. The government is doing the utmost to check this movement and to prevent a serious situation. More than ninety thousand men have been in favor of a strike.

The total capital expenditure for 1911 is \$163,915, approximately \$6,000 greater than the amount of the estimates for the ensuing year. The revenue for the year is estimated at \$8,000.

The estimates for the city engineer's department show a total of \$127,247.75. The actual expenditure of the city engineer's department during the year 1910 totalled \$124,900.

A communication was received from the Hudson's Bay Co. objecting to the city for the removal of the restrictions imposed by the company to sell land which they have offered to sell for the creation of an army. They wish to impose the restriction that the property shall be used for government purposes in perpetuity. To this the city has refused to consent. Their letter was referred to the committee.

RAILWAYS MUST TAKE GREATER PRECAUTIONS

Legislation Recommended to Government by Conservation Commission—Wants to Know About Tax.

Ontario, Dec. 28.—Apprehension has been expressed by railway officials at the prospect of the introduction of a bill by the government to amend the Railway Act, which would give the government the right to expropriate railway property for public use.

An interview given by a leading railway official subsequently appeared in the press, in which the official expressed his opinion of the bill. He stated that the bill was a direct attack on the railway industry and that it was a direct attack on the railway industry.

When confronted with this interview today Mr. J. P. Patterson, acting secretary of the conservation commission, said:

"The railway men who gave that interview were not informed of the bill in regard to the expropriation of railway property for public use. They were not informed of the bill in regard to the expropriation of railway property for public use."

GREY WILL START FROM EDMONTON

GOVERNOR-GENERAL TO LEAVE THIS CITY IN EARLY SPRING FOR AFRICA.

Ottawa, Dec. 28.—The plans for Earl Grey's trip down the Mackenzie River to the Arctic, which will be his last, will be met at the mouth of the Mackenzie by the cruise-ship of the Canadian navy and the ship of the Hudson's Bay Company. Earl Grey, who leaves for his post in the early spring, from Edmonton, will be escorted by a detachment of the Northwest Mounted Police.

It is estimated that it will take not more than two weeks to make the journey down the Mackenzie. The journey to the mouth of the Mackenzie to Victoria will be a four thousand mile trip. The journey will be taken as a navigation. The general of the trip are not yet considered and unless some other arrangements are made, it will be made.

Two Million for Ice Dock.

A subsidy on an expenditure of two million dollars will be given to the C.P.R. for its dry dock at Prince Rupert. A report containing this recommendation has been made to the Minister of Public Works by the chief engineer of the department and will be approved. Plans will be filed by the Minister of Finance in the next few days.

Reciprocity Negotiations.

It is impossible to get any definite statement here as to the resumption of the reciprocity negotiations. There is every reason to believe that the original program will be adhered to. Mr. Patterson will go down to Washington about Jan. 12.

The Minister of Finance has returned to Ottawa feeling much better and will leave his home in the next few days.
